

Video Tutorial Transcripts

Transcripts for Training Videos

Video 1: Getting Started and Importing Data

Transcript:

'Welcome to CIVORA. In this video, we cover importing your first dataset. Double-click START_DOCKER.bat to launch the application. Once the dashboard opens, register an account, click Import Data, select January 2024, upload SAMPLE_DATA.csv, and watch the dashboard populate.'

Video 2: Generating SWOT Reports and PDF Exports

Transcript:

'This video covers generating executive reports. Go to the Reports tab. CIVORA aggregates your historical records and generates a SWOT analysis. Click Download PDF to save the report locally.'
